

Clinical Interviewing

By Sommers-Flanagan, John; Sommers-Flanagan, Rita

Wiley, 2002. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: One of the best books on clinical interviewing just got better. The increased emphasis on multicultural issues and new sections on the science of interviewing and intake report writing are particularly welcome additions. This is easily one of the best books on clinical interviewing available and makes an outstanding text for advanced undergraduates and beginning graduate students in the helping professions. In successfully blending theory, scholarly research, and richly illustrated clinical examples, the authors bring the material to life. The book stands out in the competitive field of clinical interviewing texts. In addition to providing invaluable information on basic interviewing skills, it addresses advanced topics such as assessment, treatment planning, and important multicultural issues. Exceptionally clear and well-written, this book provides beginning graduate students in the helping professions with invaluable information on learning how to conduct effective clinical interviews. Highly recommended. A worthwhile addition to the library of any helping professional, this book offers much more than most beginning-level texts on helping skills. Chapters on suicide assessment, conducting effective mental status examinations, diagnosis and treatment planning, interviewing children and families, and multicultural issues...

Reviews

It is one of the most popular publication. It really is written in easy words and not difficult to understand. You are going to like how the author wrote this book.

-- Prof. Evans Balistreri DDS

Completely essential go through book. This is for all who state there had not been a worthy of reading through. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Lydia Legros
