Createspace, United States, 2013. Paperback. Book Condition: New. 200 x 132 mm. Language: English . Brand New Book ***** Print on Demand *****.Lucy and Poppy are identical twins. They are in their twenties and live in London. Even though they look similar, their personalities are quite different, if not opposite. Poppy has been travelling the world after graduating, whilst Lucy has settled down, got a job and bought a lovely flat. The only thing missing in Lucy's life is romance. Poppy offers to help. After all, she's seen the whole world so surely she knows how to handle this? The perils of metropolitan London prove harder than those of the Columbian jungle. Poppy soon realizes that finding Mr Right for her sister will take a lot more than she bargained for, but she's not going to give up. This is more a chick-lit novella than a romance novel. The love-hate relationship of the twins is evident in their humorous conversations, and will make you wonder who to root for - Poppy or Lucy. There's only one way to find out.
