## Estimating the Permeation Resistance of Nonporous Barrier Polymers to Sulfur Mustard (HD) and Sarin (GB) Chemical Warfare Agents Using Liquid Stimulants

By Department of Health and Human Services, Centers for Disease Control and Prevention, National Institute for Safety and Health

Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In March 1999, the National Institute for Occupational Safety and Health (NIOSH) cosponsored a Chemical and Biological Respiratory Protection Workshop with the Occupational Safety and Health Administration (OSHA) and the Department of Defense, U.S. Army Research, Development and Engineering Command (RDECOM). The objectives of this meeting were to: (1) identify and understand the hazards associated with a terrorist chemical and biological incident, (2) identify the different civilian responders and their respiratory protection needs, (3) determine which respirators and selection criteria are currently being used for response to these incidents, and (4) determine public and medical community concerns that must be considered in developing standards for chemical and biological respiratory protective devices. NIOSH began collaborating with the National Institute of Standards and Technology (NIST), OSHA and RDECOM, which includes Edgewood Chemical Biological Center (ECBC) and Natick Soldier Center (NSC), to address the concerns identified at the workshop, and to discuss the development of standards for emergency first responder respiratory

### Reviews

*The ebook is straightforward in go through preferable to recognize. It typically does not charge too much. Its been designed in an exceptionally straightforward way and it is just following i finished reading this book where basically altered me, affect the way i really believe.*
