

Supertest: How the International Baccalaureate Can Strengthen Our Schools

By Jay Mathews, Ian Hill

Open Court Publishing Co ,U.S., United States, 2006. Paperback. Book Condition: New. New edition. 223 x 150 mm. Language: English . Brand New Book. The International Baccalaureate (IB) is a college entrance examination, which can be taken in any country and is recognized by universities in any country. Adoption of the IB curriculum in a school ensures that the school is brought up to international standards. Supertest is two stories woven together: the birth and the growth of IB in the world and the United States, and the birth and growth of IB at Mount Vernon High. This will show how the ideas first conceived by a small group of educators in Switzerland eventually helped transform a typical American public school. Over 500 U.S. high schools currently participate in the I.B. program.

Reviews

Merely no words to spell out. It is amongst the most awesome publication i have read. Your life span will likely be transform as soon as you full reading this book.

-- **Marvin Okuneva**

Completely among the best publication I have got at any time go through. I have got go through and so i am confident that i will likely to read again once more down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.
